HOME EDUCATION INSTRUCTION (continued)

The Superintendent will review the results of the annual education evaluation of children in home educational programs. If the home-educated child has not demonstrated educational progress, the Superintendent will notify the parent in writing that educational progress has not been achieved. Likewise, the Superintendent or his/her designee will notify the parent in writing within 21 days of the evaluation if the child has demonstrated educational progress.

The Superintendent will ensure that the evaluation includes all information, dates and signatures required by state statute and/or regulation.

Parents shall maintain a portfolio of records and materials relative to the home education program and must provide for an annual evaluation documenting the child's demonstration of educational progress at a level commensurate with the child's age and ability, in accordance with RSA 193-A and NH Code of Administrative Rules, Section Ed 315.

Re-enrollment into the School District

Parents deciding to re-enroll their children into the school district following a period of home education will make arrangements with the Principal for an evaluation to determine appropriate placement in the District's program. Placements will be consistent with the School Board policy governing student placements (NHSBA Sample Policy JG) and are subject to the same appeal process.

Parents should be attentive that when re-enrolling a student, there may be discrepancies between the home schooling level of achievement and the scope and sequence of the District's curriculum.

Graduation/Diplomas

The School Board will not award certificates or diplomas to home educated student. Students must enter the regular school program and complete all necessary graduation requirements of the District and the state to be eligible for a certificate or diploma.
